The subject was discussed with the Special A.R.P.Officer.

A fire engine costing Rs.22,000 is considered unnecessary. Messrs.Webbs of Bangalore have made

a Fire Engine for the Civil & Military Station, costing less than Rs.5,000. If one of the Kirloskar pumps is purchased and fitted on to a lorry or car-engine of about 20 H.P., the purpose will be served. A sum of Rs.5,000 is therefore suggested as against Rs.22,000 recommended by the Deputy Commissioner.

As regards sand bags, the Deputy Commissioner has recommended Rs.5,000. It may be reduced to Rs.3,000 as that is the actual cost of 10,000 bags and 1,000 cubic yards of sand.

The provision for stirrup pumps may be raised from Rs.1,500 to Rs.2,500 as the cost per pump is Rs.40 and not Rs.30. A sum of Rs.2,000 may be provided for the purchase of 1,000 buckets as earthen pots will not serve the purpose.

The provision made for shelters may be raised to Rs.5,000 as it is felt thatRs.1,500 would be inadequate.

For propaganda at least Rs.1,000 may be set apart.

The other items enumerated below recommended by the Deputy Commissioner may stand.-

1	Shields - 50 at Rs.3 each	Rs. 150
2	Redhill equipments 10 sets	100
3	Rescue party	2,000
4	Telephone extensions	2,000
5	Cycle 20	2,000
6	Kerosene Oil tins 50	250
7	Concrete cisterns (100) for reserve water supply	1,500
8	Sirens	2,000
9	Unforeseen expenditure	1,500

SUBJECT: A.R.P. AND CIVIL DEFENCE MEASURES AT K.G.F.

Sir,

Adverting to Government Order No2782-3/W. dated 1st May 1942 approving the arrangements proposed in my Note on the A.R.P. and Civil Defence arrangements in Kolar Gold Fields sent with my letter of even number dated 17th April 1942 and according sanction to the Sanitary Board, K.G.F., spending Rs.10,000/- out of its closing balance and investments towards the expenditure in connection with the Defence Measures etc., I have the honour to forward herewith copies of letter No. Mis.247/41-42 dated 30th April 1942 and its two enclosures received from the Vice President, Sanitary Board, K.G.F., and to state as follows:-

Mr. J.T. Gopalakrishnan, Member of the Sanitary Board, brought before the Board at the meeting held on 17th April 1942 a proposition to request Government for a grant of Rs.1,00,000/- towards the expenditure connected with A.R.P. and Defence measures in Sanitary Board Area. The question was referred by the Board to a sub-committee consisting of the marginally noted gentlemen to work out details and formulate proposals. The Sub committee have sent up proposals and an estimate for Rs.1,00,000/- for A.R.P. equipment for Robertsonpet, Andersonpet and Oorgaum village and they consider that the sum is the absolute minimum for an A.R.P. Organisation to function in an efficient manner. I have discussed the several proposals of the Sub Committee with the officers responsible for watching A.R.P. and Defence Measures in

in K.G.F. area at the meeting held on 2nd May 1942. In consideration of the progress so far made in the behalf, I enclose herein a statement showing side by side the proposals of the sub-committee, the remarks thereon and the additional funds required for the measures to be undertaken. I consider that a sum of Rs.40,000/- more would be enough for A.R.P. Organisation in Robertsonpet, Andersonpet and Oorgaum village, and request that sanction of Government may be kindly obtained for the grant of the amount so that A.R.P. work may be organised in the areas concerned to the satisfaction of the public.

I have the honour to be,
